

The UK's best selling bathroom wall panels

Create beautiful spaces with our waterproof bathroom wall panels, the luxurious and modern way to decorate your bathroom. Our beautiful wall panel collections come in a range of sizes and finishes, including marble, stone and wood, offering you a range of design possibilities, allowing you to reinvent your bathroom in a style that is uniquely yours.

Our unique Hydrolock installation system makes it possible to join panels from our Linda Barker, Heritage, Classic and new Neutrals Collections together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for grout, meaning less time cleaning grout lines and mould.

Tiles, its time to move on

Why choose Multipanel?

Easy to
keep clean

Quick and
easy to install

30 year
warranty

Can be
installed
over old tiles

Fully
waterproof

Seamless
joint with
Hydrolock®*

*Hydrolock® Technical Information

When manufacturing Hydrolock joints, 20mm is lost from the original panel width, e.g. 2400 x 598mm = 2400 x 578mm finished face size
2400 x 1200mm = 2400 x 1180mm finished face size

The *Neutrals* Collection

Created to pair perfectly with some of the bolder panels from Multipanel's other plywood collections (Linda Barker, Classic & Heritage), the new Neutrals Collection allows for greater flexibility in full room design by allowing panels to be mixed and matched like never before. Feature walls can be created using best sellers such as Calacatta Marble (Linda Barker Collection) and paired with Dove Grey (Neutrals Collection) for a complete wall panel installation. These 5 new decors have a stunning eggshell finish and are available with Multipanel's unique tongue and groove installation system, Hydrolock, for a fast, join free finish.

How to *style* the *Neutrals* Collection

Pair bold, feature wall panels from our Linda Barker, Heritage and Classic Collections with the subtle tones from the Neutrals Collection to create a bathroom design that is uniquely yours.

We've selected our favourite pairings to help you get started.

NEW Invisible Corner

Our new 'invisible' internal corner profile has a hidden edge for a completely metal free finish.

Simply slot the panels into place and seal with your chosen sealant colour. The Invisible Corner is perfect for straight walls and is compatible with our plywood collections (Neutrals, Linda Barker, Classic, Heritage).

With the profile completely hidden from view, the Invisible Corner is supplied in Aluminium only.

*Hydrolock Installation

To ensure our panels can be installed to show off their true potential, we created Hydrolock, a unique solution which makes it possible to join panels from our plywood collections (Neutrals, Linda Barker, Heritage and Classic) together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for profiles and can even be installed on uneven walls. Hydrolock panels are available in a range of widths for ease of installation; 2400 x 598 mm, 2400 x 900 mm, 2400 x 1200 mm.

The Hydrolock joint reduces the finished face by 20mm i.e. 2400mm x 1200mm becomes 2400 x 1180mm. Straight edge panels are also available.
